

## **GIRNAR TEA**

In a collaboration, our founder, Jai Vardhan Saraogi, seized the opportunity to connect with the purchasing team of Girnar Tea in Kolkata. Recognising the potential of this partnership, he swiftly reached out, presenting our proposal with passion and conviction.

Although the business relationship is in its early stages, we wasted no time in proving our commitment and capability. To establish ourselves as a reliable and trustworthy manufacturer, we promptly catered to a couple of urgent small lots. Our ability to deliver quickly and efficiently showcased our dedication to quality and exceptional service.

Working with a prestigious brand like Girnar Tea has been an exhilarating experience. This collaboration not only reinforces our reputation but also drives us to continually push the boundaries of excellence in packaging solutions. It serves as a powerful reminder of our mission: to bring quality, reliability, and passion to every aspect of our work.
